Onderwerp: HSL-Zuid: Progress of the Cabinet decision on the tender for the HSL-Zuid transport contracts.

Dear representative of the registered parties,

As you may know, we hoped for a Cabinet decision on the tender for the HSL-Zuid transport contracts last Friday, the 14th of April.

Unfortunately, Cabinet has not come to a decision. Cabinet has asked our Minister of Transport for more supportive data and analyses, especially concerning the risks involved in both the tender and the fall-back options.

At the moment, we are busy collecting the information demanded and presenting it to Cabinet, whereupon the issue will be debated again as soon as possible. We will inform you immediately of any decision that has been reached and of the procedure to be started in consequence.

With best regards,

Project organisation HSL-Zuid, Transport Team
